## Gunner Bench

The Gunner Bench is a bold sculptural statement that fuses industrial strength and refined geometry. Its clean, angular frame—rendered in solid metal—is grounded by a striking stretcher that bridges negative space and structural tension. With its crisp silhouette and architectural poise, Gunner works beautifully as both a minimalist accent and a powerful design anchor.

Finish options:  
Typical metals - Not available in polished brass

Standard sizes:  
66" L x 17.5" W x 17.5" H  
84" L x 17.5" W x 17.5" H  
Custom sizes available

Shown as:  
Blackened steel frame | Polished steel angled stretcher  
84" L x 17.5" W x 17.5" H

Due to the nature of hand finishing, our bronze finishes, both light and dark intentionally vary. These are fully hand applied patinas, and variation and movement of finish are inherent to this finish.
