Sierra Club Chair

The Sierra Club Chair brings classic club form into a modern vocabulary, with high, confident proportions and a clean, tight-lined silhouette. Its padded enveloping body is crisply edged, while a floating tubular metal base gives it a subtle sense of lift. With refined detailing and elegant restraint, it's a poised chair that balances comfort and architectural presence.

Finish options:

Body: COM or COL with microwelt detail

Base: Floating tubular detail | All metals
