Los Angeles Cocktail Table

The Los Angeles Cocktail Table articulates a bold intersection of forms, marrying lacquer, metal, and leather into a cohesive sculptural statement. A waterfall-line body provides modern flow, while a strong stretcher grounds the design in refined tension. With custom options for materials and finishes, it captures both architectural elegance and everyday functionality.

Finish Options:
Body: All woods, lacquers, parchments
Inset: COM | COL
Foot: COM | COL
Stretcher: All metals

Standard Sizes:
